Our School

Özel Maltepe TED Rönesans Anadolu Lisesi, located in Istanbul, has been operating since 2014 and was established as one of Turkish Education Association's high schools with a strong international program along with a widely acknowledged reputation for academic excellence. As a K-12 school fully accredited by the Turkish Ministry of Education, TED Rönesans College started enrolment of high school students in the 2016-2017 Academic Year and in 2021 we celebrated our first graduating class.

TED Ankara College was the first to be established as a TED school in the early thirties and there is now a network of 40 TED schools throughout the country sharing common principles and providing quality education in a contemporary democratic structure. Also, TED University was founded in 2012 in Ankara as the first higher education institution by the Turkish Education Association offering undergraduate and graduate programmes.

Campus

The school occupies an area of 11.596 m², with 11.804 m² of indoor area and 8000 m² of outdoor playground and provides various facilities for our students' academic and social development. TED Rönesans College is the first school in Turkey which has been awarded the "Leed Gold Certificate" by the US Green Building Council. The Council recognises that TED Rönesans College adopts the highest standards in energy saving, indoor quality, and transportation.

In common indoor areas there are sports halls, individual music rooms, a band room, a chess club room, a cooking club area, art studios, hobby rooms, a lunch hall for 564 students, and a multi-purpose hall for 300 people, 3 basketball courts, 2 tennis courts, preschool and elementary school playgrounds, Chemistry and Physics labs, a computer lab and elementary and high school libraries.

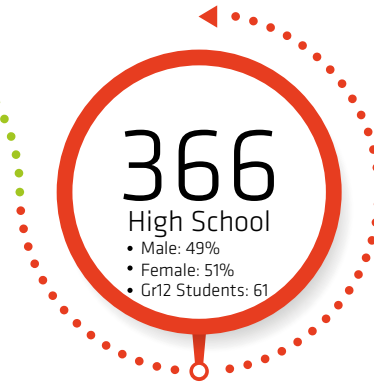

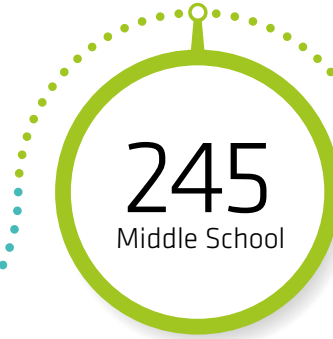

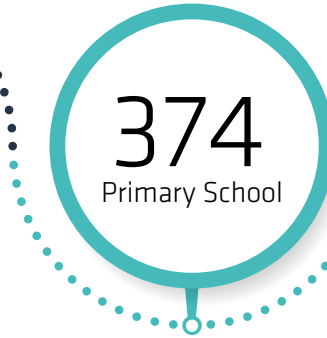

The Students

• Students are exclusively Turkish nationals, with a few guest students from overseas.

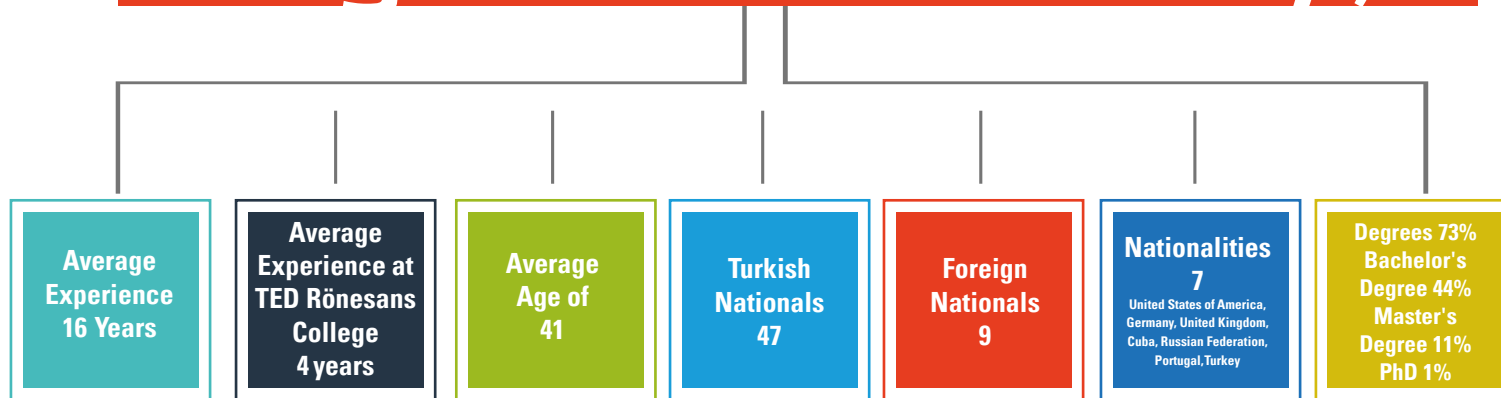

* A generous scholarship programme awards approximately 33% of our high school students with financial aid.

TED RÖNESANS College

Accreditations

Turkish Ministry of Education (MEB)
Advanced Placement College Board (AP)
Oxford AQA Qualifications (International GCSE)
BTEC (Business Technology Education Council)
The Duke of Edinburgh's International Award
[New Brunswick High School Diploma awarded by AEI Canada](#)

Curriculum

The school is accredited by and follows the Turkish Ministry of Education (MEB) principles and regulations. All students will receive a Turkish High School Diploma. In addition to this TED RÖNESANS College is authorized by Oxford AQA to offer the International GCSE programme. Furthermore, electives from the national curriculum and international programmes including AP and BTEC are offered.

Honors

Students are graded on a 100-point scale. GPAs are calculated by multiplying grades by the number of course hours. They can earn high honors with an average of 85 and academic honors with an average of 70. Students study academic programmes across one academic year and receive grades for each semester. The final grade is an average of the two semesters.

Language

English is the main foreign language offered throughout grades K-12. All students start studying a second foreign language (German/Russian/Spanish/French) in grade 4. High School English preparatory year is mandatory for students who are not able to pass the Prep Exemption Exam. The medium of instruction for Math and Science in grades 9-10 is English.

International Programmes

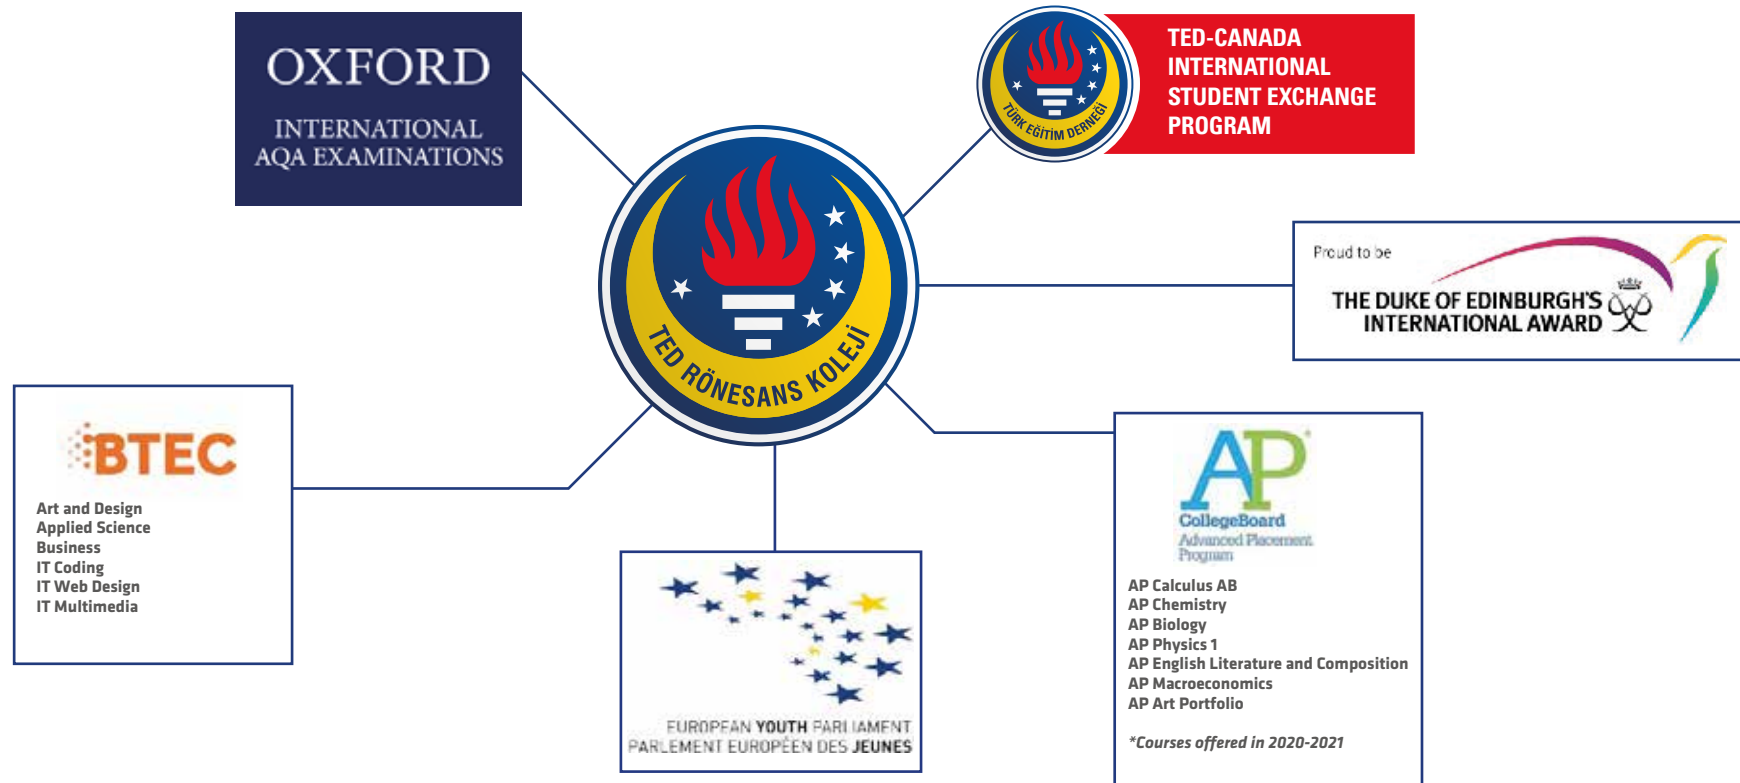

APs – Learning continued online. We followed College Board protocols and in May some of our students took 3 hour online exams while others took 3 hour face to face AP exams.

BTECs – Learning continued online. Students had initially completed over 60% of their course we then followed Pearson/Edexcel's guidance and issued predicted grades.

GCSEs – Learning continued online. Students had initially completed over 60% of their course we then followed Oxford AQA's guidance and issued predicted grades.

MEB National Exams – During the Covid-19 period our school followed the regulations that were released by the circulars from the Ministry of National Education and education was online, therefore grades from first and second semesters were given accordingly. Transcripts of our students were officially issued from the MEB E-school information management system.

Since the pandemic period our school has taken many precautions. Information can be obtained by clicking the following link:
<https://www.tedronesans.k12.tr/english/return-to-school-roadmap-during-the-pandemic/>

Student Clubs

High school students are offered 29 clubs and a wide range of after school activities such as visual art, choir, sports and science.

COMMUNITY SERVICE ACTIVITIES

Through our community service activities students develop their social responsibility awareness and become more sensitive to social issues. All community service activities are planned by building interdisciplinary and inter-level relationships. During this planning, care is taken to ensure that our students are ready for the related community service activity from emotional and cognitive perspectives. Examples of community service activities are; Animal Shelter Donation Project, Orphanage Donation Project and Climate Change Activities.

International Award for Young People works in parallel with our community service activities to support our national and international endeavours. The program continues to be implemented in our school in 3 categories as bronze, silver and gold.

In addition, TED Rönnesans College is following the "Eco School" program for environmental awareness, waste management and sustainable development trainings. These topics are handled by our community services committee and our club within the scope of "Respect for Nature" and activities will be carried out. Our school has had the pleasure of being an "Eco School" since 2015 and has received the "Green Flag" award three times.

High School Student Activities

The first Turkish High School to participate in the European Youth Parliament!

Science Trip to CERN

Social Entrepreneurship Tournament

Cultural Trip to Spain

"All My Loving" School Musical

Innovative World of the Future at Young Guru Academy (VGA)

Fizy High School Music Competition

Trip to UNESCO world heritage site Göbeklitepe, the oldest settlement in the world.

Our High School Students' Fieldtrips to Universities

The 3rd Traditional Career Day

Our International Education Day

Music, Dance, and Art Night

Destination Imagination Festival

World Robotics Olympics (WRO) Team

Our high school student, Busenur Simon received the first prize in a design competition by Regent University in London.

Our TED-R Green Future team, the champion of the Coding Tomorrow-Smart Technologies for the Environment Idea Marathon!

Online Music Nights

Online Seminars, Events and Conversations

In the TED Schools E-sports Tournament, our school team R.P.G. placed 4th

Timur Can Turut Ice Hockey National Team U20 World Championship Ranked 3rd

Sude Arslan District Archery Ranked 2nd

Mustafa Deniz Aytaç District Archery Ranked 2nd

Buğrahan Bayraktar Qualified as the national team athlete in moto-cross

Kerem Alçı and İbrahim Seratlı Chess Tournament 1st place

TED-Canada Double Diploma Program

Since the 2019-2020 Academic Year TED Rönensans College students have been participating in the Canada Double Diploma Program. Starting from the 9th grade, students take additional English and Math classes in line with the Canadian curriculum. Students who participate in the program receive a Canadian high school diploma as well as a Turkish high school diploma at the end of 12th grade.

TED-Canada Student Exchange Program

Since 2017 TED Rönensans College students have been attending the one month/one year student exchange program allowing students to experience public school education as well as being immersed in Canadian culture. *Due to the global pandemic this programme is on hold.*
