Our School

Özel Maltepe TED Rönesans Anadolu Lisesi, located in Istanbul, has been operating since 2014 and was established as one of Turkish Education Association's high schools with a strong international program along with a widely acknowledged reputation for academic excellence. As a K-12 school fully accredited by the Turkish Ministry of Education, TED Rönesans College started enrolment of high school students in the 2016-2017 Academic Year and in 2021 we celebrated our first graduating class.

TED Ankara College was the first to be established as a TED school in the early thirties and there is now a network of 40 TED schools throughout the country sharing common principles and providing quality education in a contemporary democratic structure. Also, TED University was founded in 2012 in Ankara as the first higher education institution by the Turkish Education Association offering undergraduate and graduate programmes.

Campus

The school occupies an area of 11.596 m², with 11.804 m² of indoor area and 8000 m² of outdoor playground and provides various facilities for our students' academic and social development. TED Rönesans College is the first school in Turkey which has been awarded the "Leed Gold Certificate" by the US Green Building Council. The Council recognises that TED Rönesans College adopts the highest standards in energy saving, indoor quality, and transportation.

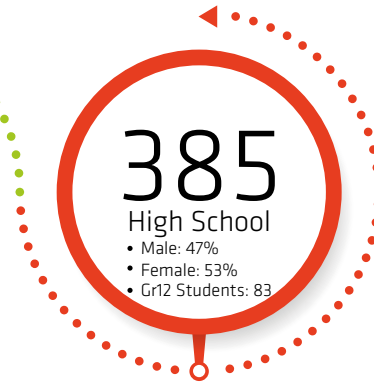

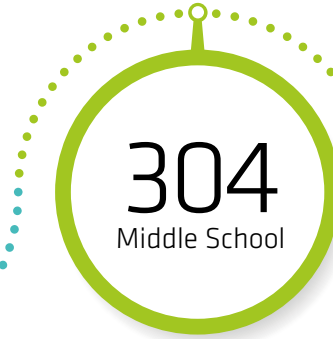

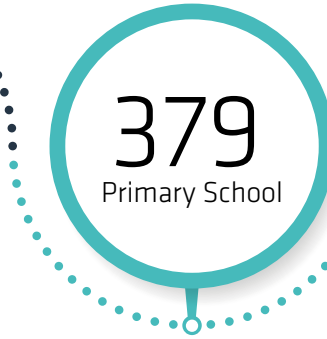

In common indoor areas there are sports halls, individual music rooms, a band room, a chess club room, a cooking club area, art studios, hobby rooms, a lunch hall for 564 students, and a multi-purpose hall for 300 people, 3 basketball courts, 2 tennis courts, preschool and elementary school playgrounds, Chemistry and Physics labs, a computer lab and elementary and high school libraries.

The Students

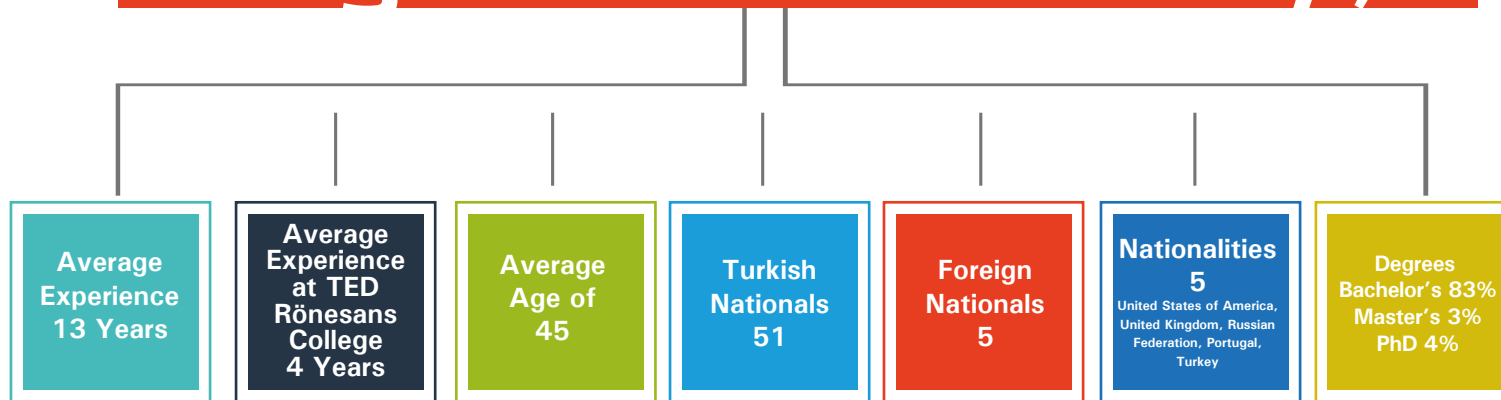

- Students are exclusively Turkish nationals, with a few guest students from overseas.
- A generous scholarship programme awards approximately 31,2 % of our high school students with financial aid.

TED RÖNESANS College

Curriculum

The school is accredited by and follows the Turkish Ministry of Education (MEB) principles and regulations. All students will receive a Turkish High School Diploma. TED RÖNESANS College is authorized by Oxford AQA to offer the International GCSE programme. Furthermore, electives from the national curriculum and international programmes are offered.

Acc. & International Programmes

Turkish Ministry of Education (MEB)
Advanced Placement College Board (AP)
Oxford AQA Qualifications (International GCSE)
BTEC (Business Technology Education Council)
The Duke of Edinburgh's International Award
New Brunswick High School Diploma awarded by AEI Canada
TED-CANADA International Student Exchange Program

Language

English is the main foreign language offered throughout grades K-12. All students start studying a second foreign language (German/Russian/Spanish/French) in grade 4. High School English preparatory year is mandatory for students who are not able to pass the Prep Exemption Exam. The medium of instruction for Math and Science in grades 9-10 is English.

Honors

Students are graded on a 100-point scale. GPAs are calculated by multiplying grades by the number of course hours. They can earn high honors with an average of 85 and academic honors with an average of 70. Students study academic programmes across one academic year and receive grades for each semester. The final grade is an average of the two semesters.

COMMUNITY SERVICE ACTIVITIES

Through our community service activities students develop their social responsibility awareness and become more sensitive to social issues. All community service activities are planned by building interdisciplinary and inter-level relationships. During this planning, care is taken to ensure that our students are ready for the related community service activity from emotional and cognitive perspectives. Examples of community service activities are; Animal Shelter Donation Project, Orphanage Donation Project and Climate Change Activities.

International Award for Young People works in parallel with our community service activities to support our national and international endeavours. The program continues to be implemented in our school in 3 categories as bronze, silver and gold.

In addition, TED Rönensans College is following the "Eco School" program for environmental awareness, waste management and sustainable development trainings. These topics are handled by our community services committee and our club within the scope of "UN Global Schools" and activities will be carried out. Our school has had the pleasure of being an "Eco School" since 2015 and has received the "Green Flag" award three times.

Student Clubs

High school students are offered 30 clubs and a wide range of after school activities such as visual art, choir, sports and science.
